I certainly hope this will be a significant milestone but will withhold judgement until I see the OSP proposal. I believe will want to study this draft very closely involving CPBS and perhaps IEE in the preparation of a response.

In a similar vein,
we still have the Committee
study pending. I'm not sure
who has read their report but
perhaps now is the time to
devote some time to it.

Exec / Dir - ADIC
John -

I rec'd call from []
(OSP) re draft document on
EOI "processing facility" which
he promised us for review before
letting out to outside world -
its now drafted & he is sending
2 cpy to us - expecting comments
back in about 1 week.

I sort of regard this as a
significant milestone in our
relations with them on EOI.
